PLAY THE BOX

Play Physical

PLAYBOX is all about offering an out-of-home experience and being engaged physically. We want people to play a video game as they play sports; with their whole body.

Throwing foam balls, axes, grenades and more at a giant video game is engaging. It's fun! It's demonstrative. It's unique and it's much better than a joystick!

PLAY WITH YOUR FRIENDS AND FAMILY

Friends who play together spend together!

Fun is pretty good alone but it's always better with friends and family. **PLAYBOX** is a truly collective experience. Have fun and win together! Our games are created to fit all ages and to be played in groups of 1 to 6. Player groups and individuals are matched so no one is left behind and maximizes revenues per game.
